

To be sure – use SURE!

Superior filtration product for heavy-duty and automotive application

- **SURE FILTER® products are built to last! Designed to deliver superior performance, all SURE FILTER® filtration products are made to meet or exceed industry standards, tested to provide maximum protection, built with premium quality components in an award-winning manufacturing facility where excellent quality has been the daily norm for over 50 years.**
- **In the North America, the SURE FILTER® product line is focused primarily on heavy-duty applications, with an automotive product line available upon request.**

SURE FILTER® is:

- A Tier 1 supplier with a product line of over 8,000 SKUs of heavy-duty and automotive oil, air, cabin, fuel, transmission, hydraulic, separators and coolant filters, covering broad range of marine, mining, construction, agriculture, and industrial applications.
- Manufactured in a world-class facility which currently holds 35 OEM/OES contracts with brands like Toyota, Honda, Mitsubishi, Suzuki, Nissan, Kia, Hyundai, Mazda, Mercedes Benz, Ford, Chevrolet, Caterpillar, Kubota, Komatsu, Hitachi and Daihatsu.
- ISO/TS 16949-2009 certified, meets or exceeds comprehensive SAE, JIS, DIN standards.
- Covered by a Limited Warranty and Product Liability Insurance.
- Listed in EPICOR and WHI catalogs with 95% coverage for 1957-2023 US vehicles.
- ACES/PIES compatible, product catalogs downloadable in 300+ formats to fit your in-house system requirements.
- A global brand that ships to over 120 countries.
